

Fellowships YouthLACIGF 2018

About us:

The [Youth Observatory](#) (Youth SIG) is a non-profit organization founded in September 2015 and affiliated to the Internet Society (ISOC) as a "Special Interest Group" (SIG) since 2016. It is mainly composed by young people between the ages of 18 and 30 years old from Latin America and the Caribbean countries. The Youth Observatory has the responsibility of hosting the 2018 edition of the YouthLACIGF.

YouthLACIGF:

It's an initiative born of the growing youth community of Latin America and the Caribbean who participate in events such as the [LACIGF](#) and other regional, national and international forums that are part of the Internet ecosystem.

In this context, the [YouthLACIGF](#) emerged in 2016, as a proposal within the framework of the 9th LACIGF meeting, which was intended as a process that seeks the construction of a permanent space for exchanging and discussing new ideas and perspectives from the young. This second edition of the YouthLACIGF will seek to deepen the debate and get to involve more young people of the region, bringing new themes and issues to be discussed among participants.

With the idea of generating collaborative synergies between groups, the 3rd YouthLACIGF seeks to push forward the participation of young people in the LACIGF11 meeting, which will be held from July 31st to August 2nd in Buenos Aires, Argentina.

Fellowship System:

The YouthLACIGF will be allocating a **limited number of partial** fellowships. **From June 11th to June 22nd** 2018, interested parties may apply to receive a partial fellowship funded by sponsors, which consists **solely and exclusively of air tickets (round trip)** from the city of residence of the fellow to Buenos Aires city, Argentina. **Late or incomplete applications won't be accepted.
